

PHILLIP JEFFRIES BREEZE BLOCK

BREEZE BLOCK

This light and airy motif is completely handcrafted. Authentic pulp paper is colored and hand cut into organic shapes. Petal edges are delicately painted by artisans and hand laid into a large floral pattern that pays homage to the concrete classic breeze block.

Our Luxe Naturals collection features distinctive dimensional designs artistically crafted from natural materials.

THE ART OF HANDCRAFTED

Authentic pulp paper is hand picked by artisans and given a spray of color. Organic floral shapes are then hand cut and their petal edges delicately painted. A stencil of the pattern is painted on the ground material and the floral shapes are carefully hand laid to create the design.

Once this process is complete, the material is laminated to perfection and ready for your walls.

This time-intensive process creates the look of concrete breeze block with classic and coastal appeal.
